

# Steffani Kizziar

**Steffani Kizziar**  
Consultant

Steffani Kizziar has over 20 years of experience in healthcare and non-profit leadership, including work with such prominent organizations as Masonic Homes and Catholic Health Care West. An accomplished organizational consultant and strategic thinker, Steffani has particular expertise in facilitating effective working groups and collaborations. Her skills promote innovation and critical thinking to transform best thinking into positive results within client organizations.

She has successfully led large-scale strategic and land planning projects by:

- identifying and involving key internal and community stakeholders
- facilitating open forums
- integrating strategic priorities
- developing effective messaging and communications strategies.

Her portfolio includes a background in nuanced and sophisticated organizational and leadership assessment as well as successful interim leadership roles. Steffani is a confident and engaging motivational speaker, a trained facilitator of small and large group discussions, and a positive mentor and coach.

## Areas of Expertise

Integrating strategic priorities into a cohesive and achievable vision

Assessing and developing effective leadership teams

Promoting strong collaborations and partnerships
